

ST JOSEPH'S UNIVERSITY

Dear Parents and Guardians,

The Parents' Council, St Joseph's University (SJU) extends a warm welcome to our first-year students and their families. As an integral part of our commitment to fostering a successful educational journey for your ward at SJU, we are pleased to invite you to our in-person orientation program at the University Auditorium.

To ensure a comprehensive understanding of the university's operations and facilities, it is compulsory for at least one parent or local guardian to attend this event. We highly encourage your participation as it will contribute significantly to creating a productive learning environment for your ward.

We believe that this orientation will provide valuable insights into the University's academic and extracurricular offerings, support services, and campus culture. It also presents an opportunity to meet and interact with faculty members, administrators, and other parents.

Your presence at the orientation program demonstrates your dedication to your ward's education and will undoubtedly contribute to their successful transition to university life. We greatly appreciate your cooperation in making this event a meaningful experience for everyone involved. Please find below the schedule for the orientation program, and we kindly request that each parent or guardian attends the session allocated on that specific date.

Kindly click on the link to the google form and complete the registration process.
