**This is to convey our gratitude for joining us  
on 15th February 2024  
for the 'AWS India Tech Alliance' launch.**

We embark on a collective journey to improve employability of learners for entry level cloud roles. We will continue to work backwards with our customers, understanding their requirements for cloud roles for early career talent. The India Tech Alliance represents not only a collaboration of organizations, institutions, skilling and educational bodies but also a synergy of ideas, expertise, and resources that will undoubtedly pave the way for innovative solutions for improved employability. Our collective success will be an outcome of continued efforts towards our objective.

Thank you once again for your commitment and support.
