ST JOSEPH'S UNIVERSITY

Dear Staff and Students

I am happy to introduce two new members to our university as part of our international collaboration efforts.

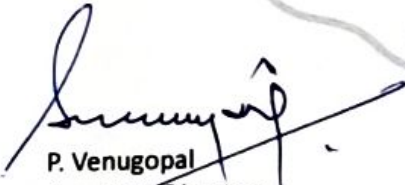

Aranza Rodriguez Perez from Universidad Iberoamericana León, Mexico, joined us through the Magis Exchange Program. During this semester-long exchange in the even semester of the 2024-25 academic year, she will be studying Life Sciences courses, including Biotechnology, Biochemistry, and Microbiology.

María López de Bayas Alcántara, Head of International Partnerships at Erasmus In School, has joined the International Affairs Office to support the following initiatives:

- Assisting faculty in securing ERASMUS funds for research projects.
- Promoting scholarship opportunities for faculty pursuing PhD and postdoctoral research abroad.
- Assisting students access international scholarships.

I encourage all staff to extend a warm welcome to our new members and support them in their academic and endeavors. Further details regarding their engagements and schedules will be shared in due course.

P. Venugopal
Associate Director
Office of International Affairs
