

## SUMMER FELLOWSHIP AT INSTITUTE OF CHEMICAL RESEARCH OF CATALOLINA (SPAIN)

[ICIQ Summer Fellowship Programme](#) offers **up to 15 fellowships** each year to national and international undergraduate students to give them the opportunity to learn, work and live in an exciting environment of cutting-edge research in Chemistry.

### **Duration of the program:**

July-August 2025

### **Eligibility:**

- undergraduate students from any nationality with a background in **Chemistry, Physics, Chemical Engineering, Biochemistry, Pharmacy, Applied Math, Data Science, Biology or other related areas**. Applicants with different studies from the above mentioned will not be considered.
- Interested candidates should be preferably in their 3<sup>rd</sup> and/or last year (or having accomplished 50% of the credits) of their **undergraduate** studies by the time of accepting the fellowship. Graduate students won't be eligible for this call.

### **About the ICIQ**

ICIQ is a public foundation dedicated to chemical research aimed at addressing global challenges such as the climate emergency and human health. Recognised with two Severo Ochoa Centers of Excellence accreditations since 2014, the centre hosts 250 researchers distributed across 19 research groups focused on sustainable catalysis, renewable energies, and decarbonization, as well as molecular medicine.

**Deadline to apply:** 24th March 2025

**How to apply:** [careers.iciq.org/departments/summer-fellowship-programme](https://careers.iciq.org/departments/summer-fellowship-programme)

**Contact:** [iciq@iciq.es](mailto:iciq@iciq.es), [summerfellowships@iciq.es](mailto:summerfellowships@iciq.es)
