### **TERM PAPER NOTICE**

All Undergraduate students except those enrolled for the B.Voc. program, BBA & B.Com must submit a Term paper in their 4th semester. Candidates are hereby directed to identify a suitable title of their interest in consultation with an eligible guide. The term paper topic does not need to be related to the program/courses one has enrolled in. It can also be a general topic of one's interest. All teaching faculty members (both full-time and part-time), Director(s) of physical education, and the Librarian are the eligible guides. If a student wishes to work in any national laboratory under a scientist or any eminent person, there must be a faculty member from the college as a co-guide. The email id of the faculty members can be found on the University website. (Academics → school and Institutions).

After identifying the Topic, students are expected to get approval on the topic and the title from the Guide. Once approved, students must register the Title via their Linways portal. The registration will open on the 29th of January 2025. If the guide is an external person, the registration must be done under the Co-Guide. The last date for the registration is the 15th of February 2025.

The Term paper must be submitted to the Guides by the 29th of March 2025.

**Alternatively, a student can do a course on the Swayam portal.** They must submit the SWAYAM certificate along with an affidavit (available in the examination helpdesk) on or before the 16th of May 2025. Such students must register in the Linways portal with the respective Deans as the Guide for approval.
